Up to 25 users

P-7 | High security department shredder with metal housing, sheet capacity of 11 sheets and bin volume of 50 gallons.

### Shredding material:

- Paper with staples
- Foil

The intimus 007 SF is engineered for high-security shredding within departments handling extremely confidential documents. This shredder is capable of destroying paper documents with staples and foils, ensuring thorough and discreet document disposal. It achieves a high security level with its precise 0.03 x 0.18 in cross-cut shredding capability at P-7 security level, rendering document recovery utterly impossible. Designed for ease of movement and flexibility, it comes equipped with castors, allowing for effortless transportation and positioning in any departmental workspace to enhance operational efficiency. The shredder underscores a supreme level of security and workflow optimization, featuring a 50 gallon cardboard container that meets the demands of larger departments with significant shredding needs. The sturdy metal housing provides exceptional durability, ensuring long-lasting performance and protection for the product's internal components.
