

intimus H200 CP4 VS

HEAVY-DUTY SHREDDER WITH HOPPER AND VARIOSPEED

Up to 25 users

P-4 | High-capacity shredder with hopper capable of handling 43-65 sheets depending on cutting speed set, with a generous bin capacity of 200 litres

Shredding material:

- Paper with staples and paper clips
- CD / DVD / Blu-ray
- Plastic card
- Crumpled paper
- Floppy disk
- Foil

The intimus H200 CP4 VS document shredder was engineered for high-volume, discreet document destruction needs. Tailored for environments such as archives or central document shredding centers, this high-performance machine delivers unparalleled data security, meeting stringent data protection regulations with its precise 3.8 x 40 mm cutting accuracy. While it specializes in shredding paper including staples and paper clips, it also has the capability to handle credit cards, CDs, foils, and floppy disks, offering a versatile shredding solution.

The heavy-duty shredder combines two standout features. First its ability to process crumpled paper directly from the bin via a feed hopper, streamlining the shredding process and enhancing efficiency. Secondly the ability to adjust the cutting speed from 55 to 280 mm/s, this ensures that the shredder operates at the most effective speed for the volumes being processed, minimizing unnecessary energy consumption and reducing processing time.

Designed with user experience in mind, the shredder boasts a fully enclosed, dust-free mobile base, incorporating a 200-litre capacity collection volume for shredded materials. The collection bag, mounted on a sliding frame, can be effortlessly pulled out for quick disposal of contents, minimizing downtime and maintaining workflow continuity. Castors enable easy transportation and maneuverability throughout the workspace.

Flexibility and ease of use are further amplified by its intelligent control features. The shredder operates automatically, activating via a light barrier whenever paper is fed into the opening. Manual control is also available through a soft-touch membrane keypad, providing additional operational flexibility. Furthermore, an automatic reverse function activates in the event of a paper jam, enhancing the shredder's reliability and maintaining smooth operation.

The intimus H200 CP4 VS document shredder stands as a testament to efficient, secure, and user-friendly shredding, making it an ideal choice for organizations seeking a robust solution to meet their high-capacity document destruction needs.

KEY FEATURES

- Able to process crumpled paper directly from the bin via a feed hopper.
- The particles sized at 3.8 x 40 mm meet the P-4 security standard outlined in DIN 66399 (ISO/IEC 21964).
- Efficiently handles 43-65 sheets of 80 g/m² paper, along with paperclips and staples.
- The cutting speed is continuously adjustable from 55-280 mm/s.
- With a throughput of up to 4.727 sheets per minute, it ensures swift and effective document processing.
- Capable of securely disposing of credit cards, CDs, foils, floppy disks and also crumpled paper.
- Maintains a peaceful work environment with a low operating noise level of 48 - 69 dB(A).
- Enhanced mobility provided by castors, complemented by a sturdy metal cabinet.
- Equipped with a spacious, easily removable metal frame and a 200-liter bag for effortless disposal.
- Features an intuitive control panel designed to streamline shredding tasks for users.
- Enables effortless document shredding with automatic start/stop function, auto reverse, anti-paper jam technology, bin full sensor, overheat protection and automatic oiler.

SPECIFICATIONS

Area of application	Department
Feed type	Manual
Cutting size paper (mm x mm)	3,8 x 40
Cutting type paper	Cross cut
Security level ISO/IEC 21964 (DIN 66399)	P-4 / O-3 / T-4 ¹ / F-1 / E-3 ³
Shredding material	Paper with staples and paper clips, CD / DVD / Blu-ray, Plastic card, Crumpled paper, Floppy disk, Foil
Waste disposal solution	Metal frame with reusable bag
Intake width (mm)	444
Possible paper formats (DIN)	A2
Sheet capacity (80g/m ²)	43 - 65
Throughput	up to 4.727 sheets/min
Vario cutting speed mm/s	55 - 280
Bin volume (l)	200
Continuous Running	yes
Noise level (idle operation) dB(A)	48-69
Power supply (V / Hz)	220-240 / 50-60
Other voltages available	yes
Product dimensions W x D x H (cm)	75 x 55 x 180
Product weight (kg)	218
Control operation	Buttons
Visual status indication for ...	Ready, Material jam, Bin full, Door open, Hopper open, Vario speed display

Automatic start/stop	yes
Auto reverse	yes
Paper jam protection	yes
Overheat protection	yes
Bin full sensor	yes
Automatic oiler	yes
Castors	yes
Material machine housing	Metal
Made in Germany	yes
Certificates / Listings	CE, UKCA

1 Only floppy disks / ID cards.

3 Only plastic cards with electronic chip.
