INTIMUS CRUSHER

HARD DRIVE PHYSICAL
DESTROYER

- ▶ Destroys all kind of hard drives regardless of size, operating system or interface
- ▶ Fast and easy to operate

PHYSICAL CRUSHER

The high-speed, high-powered intimus Crusher is the fastest and lightest hard drive destroyer on the market. The intimus Crusher meets evolving technology challenges by increasing the speed, amplifying the crushing power, and offering an optional solid-state destroyer that both perforates and waffles solid-state media, flash drives, USB thumb drives, and SSHD controller boards. HDDs are bent by the Crusher. It is best to combine the Crusher with a Degausser for a full solution for high security requirements. Security level H3* for standalone application.

FEATURES

- Now with more robust crush chamber
- Bends, breaks, and mangles hard drives, including dataplatters and other internal components, preventing data recovery
- Destroys solid-state media, flash drives, USB thumb drives, and SSHD controller boards when used with optional intimus Destroyer
- Independently tested and certified to meet CE directives for safety, compatibility, and interference
- Lightest electric destroyer on the market
- Crushes multiple drives at a time
- Quiet, office-friendly design
- No hydraulics

SECURE AND COMPLIANT
